

# 2026-27 GRANTS INFO

FOR YOUR HEALTH

## Caring Community Grants

Each year, Sequoia Healthcare District provides Caring Community grants to local non-profits and government organizations that provide crucial health services for the residents of our area. These grants serve collectively approximately 60,000 residents. Additionally, the District also funds community health clinics and several other health services, including school-based health programs. Funding priorities are based on current and projected community health needs and variable funding resources.

The 2025 priorities were food/nutrition, youth and adult health literacy and senior services. The 2026 community grants priority funding areas have been identified as:

- **Substance Prevention + Treatment**
- **Clinical/Medical**
- **Behavioral Health**

**Note:** Although we are focusing on the three areas mentioned above, we will continue to accept applications in the other categories as well.
