Caring Community Grants

Each year, Sequoia Healthcare District provides Caring Community grants to local non-profits and government organizations that provide crucial health services for the residents of our area. These grants serve collectively approximately 30,000 residents. Additionally, the District also funds community health clinics and several other health services, including school-based health programs.

Funding priorities are based on current and projected community health needs and variable funding resources. The Community Grants priority funding areas have been identified as:

- Active and Healthy Living
- Preventive Health and Safety Services
- Access to Treatment (e.g., mental health, substance use)

Healthy Schools Initiative (HSI) Grants

SHD provides one-year competitive grants to community-based organizations to support health programs in local school districts. Our Healthy Schools Initiative grants provides funding for programs that address a wide range of important health areas.

These health areas include:
- social emotional support services
- preventive education/health screening
- physical education/activity
- and nutrition education.
